For the benefit of our community — To create a better flow of communication about the issues you see around town, we have added a new feature to our website! In July we launched the ‘Report a Concern’ feature on www.harrisonville.com. This online tool allows you to directly communicate with specific City departments when you see an issue such as a pothole, broken piece of playground equipment, backed up storm drain, tree limbs in a power line, etc. Accessing this exciting new tool is easy. Simply visit our website and look for the Report a Concern button in the middle of the homepage. You can also find this tool by scrolling to the **Quick Links** section at the bottom of each page on the website.

Report a Concern

If you see an issue in your neighborhood, let us know! We appreciate your input and will continue to work every day to make Harrisonville a wonderful community for you and your family!

Dog park on the way — The City of Harrisonville is happy to announce that, after receiving interest from several residents, the Park Board has approved a Dog Park Committee to start the process of working with Parks and Recreation Department staff to build a dog park for our community!

The Park Board has designated \$2,000 from the Parks Foundation towards the project and the annual Parks Golf Tournament raised \$4,000 for the new park. The committee will review a site location, costs and fundraising
